THOLKUDI GUIDELINES

1. INTRODUCTION

1.1. The "Tholkudi" scheme, launched by the Adi Dravidar and Tribal Welfare (ADW & TW) Department, Government of Tamil Nadu, is envisaged to be a comprehensive scheme with the following vision:

1.1.1. To improve the living standards of the Scheduled Tribes of Tamil Nadu by providing them improved infrastructure in their villages/ habitations and

1.1.2. To enhance their economic status.

1.2. The living standards shall be improved by:

1.2.1. Creating new civic infrastructure and/ or upgrading existing civic infrastructure in the villages/ habitations. Maintenance of infrastructure shall also be covered under this scheme. Support activities such as electrification, plumbing, housekeeping, sanitation, landscaping etc. shall also be covered.

1.2.2. Similarly, the scheme shall also cover specific services that are not normally prioritized but can make a big impact on the lives of the population. This may include mobile health centres, ambulance services, pick up and drop facilities for children etc.

1.3. The economic status shall be improved through:

1.3.1. Fostering community participation by organizing tribal people into community-based groups/ collectives through social mobilization and institutional building (including SHG/ producer groups/ enterprise groups/ societies/ companies) and, by helping them leverage on collective bargaining power and economies of scale to access markets and finance.

1.3.2. Encouraging the population to take up farm and non-farm activities.

- Farm activities shall include the introduction of new/ improved agricultural and allied practices to make production systems more remunerative while being cognizant of traditional practices unique to tribal cultures.
- Non-farm activities shall include business ventures that can be taken up by farmers, artisans, and homestead-based businesses to adopt models of aggregation, processing, and value addition across respective value chains.

1.3.3. Building capacity in the tribal population with the end goal of employment and/ or entrepreneurship.

1.3.4. The provision of facilitation/support services so that existing “homestead/community based” economic activities can be scaled and made commercially viable. This may include businesses that offer services such as in setting up/ registering businesses, information dissemination (including for Government schemes), logistics and supply chain, market linkages, and financial linkages.

1.4. **Working through Institutional Partnerships:** For effective implementation of projects, the Directorate will work with an ecosystem of local partners who will support the scheme in technical areas, and by providing on-ground hand-holding support. These partners often are organisations working in the vicinity of the tribal pockets and are trusted locally. The partners will be on-boarded through Memorandum of Understanding (MOUs) and will include academic

and research institutions, civil society organizations and other relevant stakeholders. The Director, Tribal welfare directorate shall execute such MoUs.

1.5. **Socio-economic survey**: A survey will be carried out across Tamil Nadu which will be the base data for prioritizing habitations under the scheme. The survey will cover 2.62 lakh households, capturing data on households, habitation-level, and community infrastructure along with livelihood details. All respondent households and community infrastructure assets will be geo-tagged. Furthermore, all data will be collected digitally. The survey will help evaluate the current socio-economic status of tribal households by focusing on key parameters such as family demographic details, economic aspects, education, health and nutrition status, housing, and infrastructure. It will also include a community focus ground discussion component and will capture the specific needs and challenges faced by tribal communities in accessing government welfare schemes, providing empirical data to support the development of targeted interventions that can improve tribal welfare. Finally, the survey will also increase awareness among partners and stakeholders who will be engaged in the implementation of the scheme.

1.6. **Recognizing the Regional Context:** The scheme recognizes that all tribal groups are not the same and that characteristics specific to each region will need to be factored into the interventions proposed. Therefore, Tholkudi will largely adopt a region-wise approach to development. This involves encouraging projects specific to each local region (i.e. projects that are aligned to their production systems, market systems, lifestyle, trends, and cultural practices with reference to the bio-diversity registry). The sub-caste wise Scheduled Tribes (ST) population in each district as per 2011 census is given in Annexure 1.

1.7. The projects taken up shall reflect the local context, and will encourage variations on the basis of:

1.7.1. **Geography:** Differentiating between habitations in the hilly regions and in the plains to account for the distinct environmental and socio-economic conditions affecting livelihood.

1.7.2. **Profession:** Recognizing the varied occupational backgrounds within the communities, including farming and non-farming professions, to tailor skill development and economic support programs accordingly.

1.7.3. **Age:** Segmenting the community into those above and below 45 years of age to address the specific skill enhancement needs and employment opportunities suitable for each group. For individuals above 45, the focus shall be on up-skilling in traditional crafts and professions, ensuring the preservation of cultural practices. For the younger segment, the scheme allows for job oriented and entrepreneurship-oriented training programs.

1.7.4. **Tribal culture:** Unique cultural identification that distinguishes them from mainstream societies. This includes language and dialects, traditional knowledge systems and practices, ecological relationships, rituals and belief systems, art and craftsmanship, social cohesion and ethno-botany.

2. SCOPE OF THE SCHEME

The scope of the scheme cuts across the following areas:

2.1. **Part A: Civic Infrastructure**

2.1.1. Infrastructure required to maintain a standard of living that meets basic human needs shall be developed. For tribal communities, which often reside in remote, rural, or underdeveloped areas, such infrastructure can significantly impact their health, education, economic development, and overall quality of life. The infrastructure shall include developing houses, roads/ street lights, social, educational and health infrastructure. The development of schools and hostels shall be an integral part of this scheme.

2.2. **Part B: Livelihood**

2.2.1. **Farm based activities:** Introducing tools/ techniques/ machinery/ processes that increase resilience, and productivity; enable food security; support regeneration of agriculture-allied resources both farm/ off-farm; and enable value addition – all while respecting traditional tribal practices.

2.2.2. **Non-farm-based activities:** This shall include activities other than agriculture. This may encompass a wide range of businesses such as handicrafts, handloom weaving, small-scale industries, trading/ retail, services, tourism, Minor Forest Produce (MFP) / non-timber forest produce (NTFP) and processing including support to sustain locally created shared service centres under other schemes of the Government.

2.2.3. **Life & Employable Skill development:** Implementing training programs that help the youth improve their skills so that they are aligned to market requirements. Launching targeted initiatives to enhance employability and entrepreneurship among tribal youth & women, including partnerships with academic institutions, technical agencies, corporate entities and skill development organizations.

• However, the Executive Committee may sanction projects to Individuals/ Families/ Villages/ Habitations that do not meet the above criteria based on the merits of the case.		

5.3. **Implementation process for Infrastructure**

5.3.1. **Tribal Habitation Development Plan (THDP):** The village shall first prepare a Tribal Habitat Development Plan (THDP) using the data collected as part of the Socio-Economic Survey carried out in Clause 1.5. The THDP may be prepared by the Rural

[1] Household: shall mean the applicant, spouse and dependent children.

Development Department/ TW Department (including the BRPs or VRPs)/ through agencies empaneled by the Directorate. The THDPs shall be prepared and uploaded on the IT platform developed and will include photographs for improved decision making.

5.3.2. The THDP shall be approved by the Gram Sabha/ Village Panchayat/ Village Council (including through a video recording where the Gram Sabha members certify that they have consulted the villagers in the development of the plan). In villages where THDPs have already been prepared as part of other GoI/ GoTN projects, the infrastructure requirements included in the THDP but not funded/ part-funded under prior schemes can be funded under this scheme. The THDPs (for villages where THDPs have not already been prepared) shall additionally adhere to the following best practices:

a. **Documentation of existing assets of the village:** including roads, telecom infrastructure, water sources/ facilities, streetlights, health care facilities, schools/ educational infrastructure.

b. **Utility of existing assets:** The village should demonstrate that existing infrastructure facilities provided under past schemes for improving standards of living and livelihood are utilized effectively, especially when additional buildings/ blocks are being requested for.

c. **No overlap in planning:** The village should ensure that the proposed asset is not taken up/ planned to be taken up for development by any other line department.

d. **Recommended Design:** Designed systems should be tailored to the community's needs, and they should be aligned to the design aesthetic as expressed by the tribal community. It should leverage on materials that are durable, weather-resistant, and culturally appropriate. The design and materials should respect the local environment and ensure that environmental impact is minimized.

e. **Community Engagement:** Extensive inputs should be taken from the local communities to ensure that the solutions meet their needs and preferences; so that there is a sense of “ownership” and “involvement” in the care of the asset after hand-over.

f. **Maintenance (for 5 years):** The project should include a cost component associated with the maintenance of the infrastructure created for 5 years, except in case of individual houses.

g. **Education and Training:** The THDP should include a cost for the education of the community on the asset, its use, its troubleshooting, and maintenance.

6. PART B: LIVELIHOOD

6.1 The livelihood interventions permitted under this scheme shall include the following:

6.1.1 Sub Component 1: Introduction of new/ improved agricultural and allied practices.

6.1.2 Sub-Component 2: Raising income through non-farm enterprises.

6.1.3 Sub-Component 3: Raising income through life & employable skill development.

The sample business proposal format for farm-based, off-farm and non-farm enterprises is given in the Annexure 10.

6.2 Selection and eligibility criteria for beneficiaries:

All members should have a valid Community Certificate c. Should submit a Detailed Project Report (DPR).

6.3 Sub-Component 1: Introduction of new/ improved agricultural and allied practices

The following activities shall be supported under Sub-Component 1.

6.3.1 Project Ainthinai: Tribal Directorate shall adopt a cluster-wise approach where tribal regions will be provided customized development programs catering to the needs and strengths of each cluster. To implement this project with professional help, the directorate has partnered with various government institutions that have specialized knowledge in different areas which includes Tamil Nadu Veterinary and Animal Sciences University (TANUVAS), Indian Institute Horticultural Research (IIHR), Indian Institute of Millets Research (IIMR), and Central Institute of Brackish Water Aquaculture (CIBA), etc. This project will enable reforms in agricultural practices. For this, clusters will be created in each region and micro plans shall be prepared and approved annually for the implementation of agreed plan of action with each of the partner institutes / organizations.

6.3.2 Collectivization for livelihood: The Directorate shall coordinate with Tamil Nadu State Rural Livelihood Mission (TNSRLM) and empaneled civil society organizations for social mobilization of tribals into collectives. This will be done by leveraging on resources of the Rural Development Department and also by allocating funds to empaneled civil society organizations for collectivization. The effort will be towards creating SHGs / Producer groups / Enterprise Groups / producer organisations / cooperatives and societies where they don't already exist.

6.3.3 Creating Community Resource Persons (CRPs): One thousand Tribal Farmers shall be identified, and trained through classroom training and field trial sessions. These trained farmers shall be designated as Community resource persons (CRPs). The training shall be provided in government institutions/ agencies such as KVKs, Agriculture Universities on the use of improved seeds, sustainable farming techniques, and efficient use of water and resource conservation technologies. Budget cost for each training batch shall include meeting hall rentals, training material, honorarium to trainers, refreshments, logistics, and other arrangements. The indicative roles and responsibilities and the eligibility criteria for the CRPs are given in Annexure 11.

6.3.4 Exposure visits on agriculture and allied: Community resource person (CRPs), progressive farmers, and executive members of registered societies, producer groups / companies and tribal department staff including PMUs shall be taken to government / private institutions, model farms to observe practices and for knowledge transfer. These shall be extended across agriculture, animal husbandry, fisheries, and allied areas. Budget cost of each trip will be sanctioned by the Director, Tribal welfare directorate based on the proposal and rationale.

6.3.5 Training to Tribal farmers (village/habitat level) by CRPs: The trained CRPs shall then be used to conduct training/ demonstration at the village/ habitation level in batches of 20 farmers. Training shall cover areas such as use of improved seeds, sustainable farming techniques, and water efficient management and resource conservation technologies. Fixed honorarium shall be paid to the CRPs for conducting every batch training to the participants.

6.3.6 Identification of wild/ underutilized plant species for agriculture: There exist wild/ underutilized species of plants that can be taken up for larger commercial agriculture production. For this, the participatory demonstration technique will be adopted. Farmer Field Schools will be set up in locations where feasible with the support of the farmers. As part of this initiative, the farmers will be supported through the partnerships that the Directorate will establish with academic institutions/ KVKs/ Agri universities. Under these partnerships, the

partner institutions shall deploy scientists and extension staff to visit the fields on a periodic basis to support the farmers. Initial focus shall be in 14 districts including Kanyakumari, Tirunelveli, Dindigul, Salem, Erode, Tiruvannamalai, Tirupathur, Vellore, Namakkal, Tiruchirappalli, Coimbatore, Nilgiris, Dharmapuri and Krishnagiri.

6.3.7 Demonstration of new technologies to improve efficiencies and yield: Established technologies that are in mainstream agriculture use shall be demonstrated at the village / habitat level. The process will be led through the CRPs who will be connected with experts (Scientists/ KVKs/ Academic institutions). Every demonstration site shall be installed with a sign board having details on technology / practice and support partners. The CRPs will enable in-situ facilitation and demonstration at farmer's field schools.

6.3.8 Support for Collective Farming shall be implemented among marginal and small tribal farmers owning contiguous land, engaging jointly in farming activities. This cooperative/ group model fosters solidarity, equitable distribution of labor, and knowledge exchange among tribal farmers, enabling them to overcome challenges, constraints and leverage collective strengths. Collective farming method also promotes produce aggregation at scale for market price realization but also preserves indigenous agricultural traditions, practices, knowledge and cultural heritage.

a. Small and marginal farmers shall be facilitated to come together (owning contiguous land) as Farmers Interest Groups – FIGs or Joint Liability Groups (JLG). Maximum up to 5 – 12 tribal farmers can be grouped for collective farming.

b. Proposed plan shall be given for specific crops and technology adaptation prepared in consultation with the institutes (KVK/ Agriculture University-Colleges) for joint action. Support to be provided for Collective farming shall include farm inputs, micro farm tools, minor irrigation systems and post-harvest technology.

6.3.9 Community Seed Banks

a. Seed banks empower tribal farmers by giving them control over their seed supply and agricultural resources. By conserving and exchanging seeds within their communities, tribal farmers can assert their rights to traditional knowledge and genetic resources, strengthen their resilience to external shocks, and reduce dependency on external inputs. Additionally, seed banks serve as platforms for capacity-building, seed-saving training, and participatory plant breeding initiatives, enabling tribal farmers to actively engage in seed conservation and crop improvement efforts.

b. The DADTWO will coordinate to create panchayat level seed banks. The seed banks will be run by a Seed Bank Committee comprising (a) Panchayat Leader, (b) Tribal farmer representations from the beneficiary habitations and (c) trained CRPs. This Committee shall be responsible for the implementation of the steps stated below:

- The committee shall assess the existing cropping patterns and arrive at a plan for seeds, seed storage, quantities, and varieties.
- The Seed bank will be created on panchayat land, at a location decided by the Committee.
- The seed bank committee will be trained by ATMA/ KVKs/ Scientists who will be engaged statewide by the Directorate. These experts will provide monitoring support, handholding support and conduct site visits as required.

- The seed banks will be provided support under this scheme for establishing (a) The community seed bank structure, (b) Breeder seeds, (c) Storage bins and (d) Tanks.

6.3.10 Water resource augmentation and conservation: Water management initiatives shall be focused on replenishing depleted underground aquifers and augmenting groundwater primarily with rainwater harvesting and conservation measures by efficient irrigation techniques. This improves the availability and quality of groundwater in the long run, and provides water security to tribal people. Initiatives shall include reviving traditional water bodies, and design and construct cost-effective recharge structures to harvest surplus monsoon runoff for either augmentation of groundwater and/or creation of surface water storage. Water augmentation and conservation techniques shall be introduced to tribal people through resource augmentation structures such as check dams, percolation ponds, farm ponds, tanks, recharge shafts, recharge pits and introduction of appropriate water efficient irrigation systems.

6.3.11 Cold Storage facilities shall be provided to support the villages to reduce post-harvest losses. Need for Cold Storage facilities and selection of cold storage type and model shall be done by the PO/DADTWO in consultation with the technical expert from KVK/ Agriculture/ Horticulture department. Cost per unit shall be sanctioned by the Director, Tribal welfare directorate based on the selected model and quotes.

Sl.	Cold Storage Types & Capacity (Indicative)	Type of Benefit
1.	2 MT – Battery less Cold Storage Facility	**As enterprise model** for Producer groups/collectives
2.	10 MT – Solar Hybrid Powered Cold Storage Room Facility	**As enterprise model** for Producer groups/collectives
3.	25 MT & above – Solar Hybrid Powered Cold Storage Room Facility	**As enterprise model** for producer / Organization/ Societies

6.3.12 Natural and Organic Manure production units shall be provided to tribal farmers functioning as FIGs / JLGs at the village or Habitation level to benefit from locally available resources converted into natural compost.

6.3.13 Nursery Units shall be provided to tribal farmers jointly functioning as FIGs / JLGs in the selected districts to create supply of horticulture and herbal plants / saplings (including medicinal value plants) for commercial benefit towards employment and income.

6.3.14 Farm Based Business Centres (FBCs): Producer groups/ Producer organizations (FIGs / JLGs / PGs / PCs / society) at the village or habitation level where such facilities are not already available shall be eligible for grants under this scheme. The FBCs may be of various types including extension service centres, custom hiring centres and common facility centers for processing, value addition and marketing. The handholding support to the FBCs should be mandatorily linked to technical institutions.

a. FIGs/ JLGs/ Producer Groups/ Producer organizations/ Societies shall be supported to establish FBCs at the village level (where population is more than 500 and not having such services) with an objective to offering doorstep rental and technical services enabling agriculture and allied product systems. However, in the case of group entities such as FIG/

JLG/ Producer groups/ Producer organizations/ societies, any one of the members or its staff having indicative eligibility as given in Annexure 12 can only apply.

b. The indicative list of businesses for FBCs and the training centres are given in Annexure 13 and 14 respectively.

6.3.15 Off-Farm Activities: Tribal farmers shall be supported in case they intend to take up off-farm activities such as mushroom cultivation, bee-keeping, livestock rearing (backyard poultry, goat and pig) and aquaculture for enterprise or producer groups linked with necessary value chain. Proposals will be sanctioned based on the advisory inputs received from technical institutions.

6.4 Sub-Component 2 – Raising Income through Non-farm Enterprises.

6.4.1 Non-Farm Businesses: Tribal youth and women as groups shall be supported to establish non-farm trade/ businesses including common facility centres/common service centres. While all categories of businesses can be supported, which includes setting up of new business or upgradation of the existing business units. Preference will be given to the following:

a. Handicrafts, arts, weaving and jewelry skills;

b. Aggregator businesses, value addition businesses, providers of market access services, common service centres, retail and wholesale businesses;

c. Service and maintenance business units such as catering, electrical, electronics, repairing, motor winding, automobile, plumbing, construction etc.

6.4.2 Tribal Outlets

Tholkudi Kiosks: Tribal Enterprise Groups/ Co-operatives that are interested in promoting tribal products shall be supported through grants to set-up retail kiosks in government offices, Santhai – Haat, exhibitions, bus, train and airport terminals, and government institutions at the Urban Local Bodies (ULBs). Each kiosk should be connected with electricity, water and drainage facilities as per requirement of the business type. Indicative size for kiosks is given below table however, size of the kiosk is changeable subject to the approval of the Director, Tribal Welfare.

Sl.	Kiosk Size	Beneficiary category
1	150 Sq. ft	Enterprise Groups / SHGs
2	200 Sq. ft	Enterprise Groups / SHGs / Cooperative societies
3	300 Sq. ft	Enterprise Groups / SHGs / Cooperative societies

6.4.3 Tholkudi on wheels: Tribal Enterprise Groups/ Co-operatives that are interested in promoting tribal products shall be supported through grants to set-up a mobile cart / truck as a sales unit/ a bus as a sales unit. The mobile unit shall be facilitated and integrated into important tourist spots to boost the sales of tribal products. Tourism department shall be partnered for this initiative. Under this initiative only profit-making tribal entities will be supported by grants up to 2/3rd of the total project cost.

Sl.	Mobile Kiosk Size	Operation Type	Beneficiary category
1	Custom made Battery enabled Load TukTuk (E-Rickshaw / E-Auto)	Motorized 3 - wheel	Enterprise Groups
2	Customized Mini Truck	Motorized 4 - wheel	Enterprise Groups
3	Customized Bus	Motorized 6 - wheel	Cooperative Society

6.5 Sub Component 3: Life & Employable Skill Development

The Directorate will link Tribal youth, women and livelihood groups to skill service providers to improve their skills towards employability and/ or entrepreneurship. This shall encompass a wide range of skill sets, from traditional employability skill sets to modern vocational/ hi-tech skills.

6.5.1 Applicant eligibility shall be as follows:

a. Youth between the age group of 16 to 35 can apply.

b. Should have educational qualification as per the training requirements.

c. Should produce a Graduation/ Provisional / Transfer Certificate.

d. Should have a valid Community Certificate.

e. The sample beneficiary application form for the same is given in Annexure 15.

6.5.2 **Skill Assessment and training:** Applicants shall be taken through a skill assessment process, for which a private agency will be empaneled. The assessment will be done digitally and this information will be used to link the individuals to specific trades and interests. The Directorate will engage empaneled institutes / training partners (including training service providers empaneled by TNSDC) to then link them to the appropriate skill trades.

6.5.3 **Upskilling / Reskilling (Skill Development Programs)**: The Directorate shall partner with incubators / private entities / civil society organizations and create “curated” training programmes to facilitate upskilling and reskilling as per the market demand. These programs shall be delivered online/ offline (based on demand). These courses shall be in subjects such as:

Sl.	Indicative list of programs
1	**Setting up/ running a business:** With specialization in food processing, beekeeping, modern methods of venom extraction, handicrafts, arts/ painting, pottery and jewellery.
2	Becoming an Animal Health Worker (AHW) – Para-vet course.
3	Becoming a Banking correspondent/ Insurance support service provider.
Common costs across residential programmes	
4	Cost/ head for travel, stay and food.

6.5.4 **Online Training Platforms:** The Directorate will make available to the Tribal Youth courses through a partnership with an online training service provider for skill enhancement. For this,

the cost of obtaining a “Verified Certificate” will be reimbursed to the applicant on successful completion of the programme. The Department will empanel appropriate skilling service providers through MoUs.

6.5.5 **Coaching for Competitive Exams:** Students interested in preparing for competitive exams such as UPSC, TNPSC, Staff Selection Commission, Banks, Railways, Insurance Companies for entry into government jobs shall be provided support. Support shall include the cost of training, stay, boarding and lodging for the duration of the training programme. This shall be supported through empaneled partner institutions at the regional level for coaching the aspiring tribal youths with adequate steps to monitor enrollment and regular attendance.

6.5.6 **Tribal fellowships:** Tribal youth shall be provided opportunities to learn, research, and document their traditional practices so as to preserve/ promote their culture and traditions. For this, a “Tribal Youth Fellowship” programme will be designed under which support shall be provided for the interested youth.

6.5.7 **Promoting Arts and Culture:** Each tribe has its own methods of expressing themselves – through arts, performances, dances etc. However, these performances require appropriate branding and re-positioning so that the tribes are given the respect they deserve. For this, Tholkudi will connect tribes with exponents in the Performing Arts who will help them contemporize their performances. The tribes will be supported by connecting them with professional performing groups as this will give them visibility and also serve as a means of livelihood. Support for promoting culture and arts shall be done by creating platforms for performances, and facilitating training opportunities that help artists refine their skills and gain wider recognition. This initiative shall not only preserve and promote traditional tribal arts but also open up new avenues for artists to benefit economically.

6.6 Implementation process for Livelihoods

6.6.1 The livelihood requirements of the habitations shall be captured in the THDPs that shall be signed off by the Village Panchayats.

6.6.2 The Directorate will leverage the existing CSOs already created under various GoTN/ GoI programmes to aggregate tribals for the delivery of benefits.

6.6.3 In preparing the THDPs, the support of the following entities in the Villages/ Blocks shall be taken:

a. **Leverage on existing Community Based Organisations:** Under projects of the Rural Development Department, women and others have been aggregated into SHGs and like organizations. Significant efforts have been put into building their capacities as well. Steps shall be taken to further augment their capability under this scheme to carry out improved village level planning.

b. **Tie-ups with CSOs, Academic Institutions, Technical Institutions:** Create support for the villages by centralized tie-ups with technical agencies, civil society organizations, academic and research institutions (including MSW institutions) to provide inputs on the nature of livelihood activities that can be carried out.

c. **Training and Demonstration:** Community Resource Person (CRPs) will be equipped through intensive training on all improved technologies and innovative practices. Extensive capacity building training events will be facilitated for PMU team and community resource persons.

7. REWARD SYSTEM FOR INCENTIVISING GOOD PERFORMANCE (Year 2 onwards)

6.7 On World Tribal Day, programmes will be organized in each district culminating at an event at the State level. The district events will bring together the tribal folk through a day of storytelling, sharing testimonials, cultural exchanges, and collaborative projects. Based on the proposals from the district, the budget will be allotted.

6.8 The awards/ rewards will be given on World Tribal Day annually, on August 9 and will be under the following categories:

Sl.	Nature of Award/ Reward	Cost (Rs.)
1	Best ST Farmer	10,000
2	Best ST business – Manufacturing category	10,000
